TRADER JOE'S PROJECT TEAM CONSTITUTION

Adopted Under the BIT44 Class Project Team Constitution

Project: TalentFlow – AI-Powered Applicant Screening & Pipeline System

Date Adopted: September 2026

Article I – Purpose

1.1 This Constitution sets out the shared standards of professionalism, accountability, communication, and mutual respect expected of every project team for the duration of the course project. It is intended to minimize misunderstandings between members and to formalize each member's commitment to the team's success.

1.2 Mission Statement: Trader Joe's is committed to building TalentFlow, an AI-powered applicant screening and pipeline management platform that helps recruiters and hiring teams evaluate candidates efficiently, fairly, and collaboratively. Through AI-driven resume scoring, a shared candidate pipeline, and role-based collaboration tools, the team aims to reduce manual screening effort and give hiring teams clear visibility into every applicant's status, delivering a reliable, well-tested system for recruiters, HR staff, and hiring team members.

Article II – Core Principles

2.1 All members shall be guided by the following principles:

2.1.1 Professionalism – conducting oneself in a manner befitting a workplace setting.

2.1.2 Respect – treating peers, instructors, and stakeholders with courtesy.

2.1.3 Accountability – owning one's commitments and their outcomes.

2.1.4 Transparency – communicating progress and obstacles honestly and promptly.

2.1.5 Collaboration – working cooperatively toward shared objectives.

2.1.6 Continuous Improvement – regularly refining one's contributions and processes.

Article III – Minimum Team Expectations

3.1 The following standards are mandatory for every member and may not be lowered:

3.1.1 Communications shall be acknowledged within twenty-four (24) hours.

3.1.2 A member unable to fulfill a commitment shall notify the team promptly.

3.1.3 Attendance at meetings is expected unless advance notice is given.

3.1.4 Tasks shall be recorded and assigned with clearly identified owners.

3.1.5 Contributions shall be submitted on an ongoing basis via regular commits, rather than concentrated near deadlines.

3.1.6 Feedback among members shall be delivered constructively and received respectfully.

Article IV – Communication Platform and Meeting Schedule

4.1 Communication Platform: Messenger is the team's primary channel for day-to-day coordination and task discussion. Viber is used for communications involving the instructor.

4.2 Meeting Schedule: The team shall hold its regular meeting every Tuesday.

Article V – Performance Standards and Escalation

5.1 This Article implements Article IV of the class Constitution by defining specific, measurable offenses, the evidence required to record them, and the consequence attached to each occurrence.

Section 5.1. Offense Categories

5.1.1 Minor Offense

5.1.1.1 A single missed twenty-four (24) hour response window.

5.1.1.2 A missed non-critical task deadline with less than twenty-four (24) hours' notice.

5.1.1.3 Unexcused lateness to a meeting.

5.1.2 Major Offense

5.1.2.1 A missed meeting with no notice.

5.1.2.2 A missed sprint deliverable.

5.1.2.3 Two (2) or more Minor Offenses committed within a two-week period.

5.1.3 Severe Offense

5.1.3.1 Complete non-responsiveness for seventy-two (72) or more hours during an active sprint.

5.1.3.2 Failure to deliver an assigned task with no communication.

5.1.3.3 Dishonesty about work completed, including claiming work is done when it is not.

5.1.3.4 Plagiarizing a teammate's or external work without attribution.

Section 5.2. Evidence Requirements

5.2.1 Every recorded offense shall be logged in the Team's shared Incident Log (e.g., INCIDENTS.md in the project repository), containing:

5.2.1.1 Date and time of the incident.

5.2.1.2 Category (Minor / Major / Severe).

5.2.1.3 Description of what occurred.

5.2.1.4 Supporting evidence, such as message timestamps or screenshots, missed commit history, or meeting attendance records.

5.2.1.5 Acknowledgment, or refusal to acknowledge, from the Member concerned.

5.2.2 No offense shall be escalated to the Instructor without a corresponding Incident Log entry and supporting evidence.

Section 5.3. Sanctions

5.3.1 Offenses shall be addressed in escalating order:

5.3.1.1 1st Minor Offense - verbal/chat reminder;

5.3.1.2 2nd Minor Offense - written warning;

5.3.1.3 3rd Minor Offense or 1st Major Offense - formal meeting and documented corrective plan;

5.3.1.4 2nd Major Offense - written notice that continued non-compliance will be escalated to the Instructor;

5.3.1.5 3rd Major Offense or any Severe Offense - escalation to the Instructor.

5.3.2 Three (3) Minor Offenses within a two-week period count as one (1) Major Offense for escalation purposes.

Section 5.4. Returning to Good Standing

5.4.1 A member who has received a warning or been the subject of a corrective plan may return to good standing by meeting all commitments under Article III without further offense for three (3) weeks.

5.4.2 Upon returning to good standing, prior Minor Offenses shall no longer count toward escalation under Section 5.3, though the Incident Log entries remain on record.

Article VI – Dispute Resolution

6.1 Disputes shall first be raised directly between the Members concerned, in good faith and in private.

6.2 If unresolved within three (3) days, the dispute shall be brought before the full Team for a facilitated discussion, the outcome of which shall be recorded in the Incident Log.

6.3 If still unresolved following a Team discussion, the matter, together with the record of steps already taken, may be referred to the Instructor.

Article VII – Team Autonomy

7.1 Subject to compliance with this Constitution, the team retains discretion to:

7.1.1 Adopt supplementary policies;

7.1.2 Establish its own meeting cadence;

7.1.3 Define technical or coding standards;

7.1.4 Assign internal roles; and

7.1.5 Tailor its own escalation tiers in a manner consistent with Article V.

Article VIII – Amendments

8.1 This Constitution may be amended only by unanimous consent of the affected members. Each amendment shall be dated and recorded below.

Date	Amendment	Approved By
25/09/2026	Initial Adoption	All members

Adopted by Trader Joe's pursuant to the BIT44 Class Project Team Constitution.

By signing this constitution, each member acknowledges that they have participated in creating these policies, understand their responsibilities, and agree to be accountable to the team throughout the project.
